## Welcome to United Coloured stud

We are a small friendly stud with a passion for breeding coloured sporthorses.

Our aim is to breed quality performance horses, hopefully with the added bonus of colour.

We are very excited about our young Graded stallion Sempers Spirit he will go through a strict training program, we feel it is important for a stallion to have a good performance record as well as great bloodlines.

Since buying him as a foal in Germany he has delighted us in many ways, firstly by being such a pleasure to handle and ride, Secondly producing such wonderful foals, thirdly being such a trainable and honest stallion, the list just goes on!

One of his main factors is the genes he carries to imprint his foals with his wonderful colours.

He has covered a variety of mares, adding substance and refinement where needed, he has passed his uphill frame and length of neck to all his foals to date. He has added elevation and movement to mares that are average movers.

In our breeding programme we have searched long and hard to select good mares with a variation of bloodlines, boasting top international sires and proven mare lines. Four of our mares are Homozygous for the Tobiano gene, so we choose the best Stallions to suit our mares to guarantee fantastic quality and colour.

We also offer an in utero service.

Enjoy looking through our Stud Card there is plenty more to see and read by logging onto our website, if you require any more information regarding our stallion, horses for sale or youngstock

Please feel free to contact us, we are here to help in any way we can.

As a foal he was DPZV Foal Champion with a great score of 8.42. He has a very nice length of neck, with a really good shoulder, very off the floor, elevated paces with a powerful backend, he has a great attitude and temperament, he is a very trainable horse to ride and learns very quickly.

His sire Semper is a very influential Oldenburg approved pinto stallion in Germany, he is by Sandro, the Holsteiner stallion who is also the sire of Sandro Song and grandsire of Sandro Hit. Semper's dam Imago is an Elite Preferent rated KWPN mare, by Samber the world's most influential and successful pinto Warmblood of all time. Spirit's dam Aleska was competed successfully at dressage and is now in Holland continuing her success, she is also a great jumper.

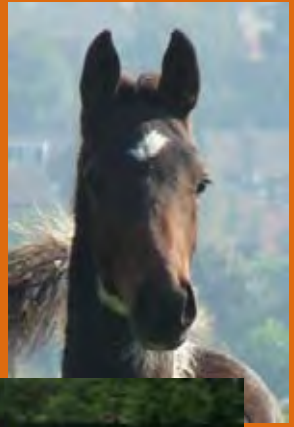

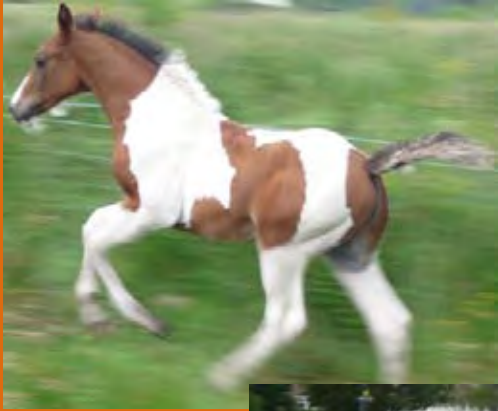

Her sire Astek homozygous polish warmblood was Approved in Germany by the ZfDP Selected as a breeding stallion at Medingen, Germany 1989 Performance tested in 1992 he is very noticeable in German pinto bloodlines. Aleska's Dam Watona is by Watzmann, for a time he was the most-asked-for producer of jumping horses in Hannover. Watzmann is the sire of Walzerkönig, an Olympic Gold Medalist in show-jumping for the German team in Seoul.

February 2007 Spirit attended the CHAPS UK grading and got fully Graded as a Sporthorse in the Dressage section, the judges felt he had matured well and he got some great positive comments he is at present the only stallion to be fully graded as a dressage stallion under the new system.

Spirit Successfully took part in the Northern Ireland loose jumping Finals in 2006 where he came 11th out of over 350 horses. He is currently in training and we are very pleased with how he is progressing, he will be out doing some events and dressage competitions please check the news page on our website for updates.
